PICCOLLO

# Piccolo

## Our latest edition

The Piccolo Umbrella is designed to be lightweight and maintenance free. All fittings are stainless steel. The umbrella frame consists of 8 ribs for extra strength and better wind stability. The canvas is easily removable for cleaning purposes. Its canopy can be rotated to "follow the sun". The lever tensioning allows for smaller or elderly people to open and close umbrella easily.

### The range of structures is:

- Complete aluminium
- Anodized or powder coated
- Colour choice available
- Wood and aluminium

### Sizes of canopy:

- Round 3.2m
- Square 3.0m

### Functions:

- Rotates to a full 360°
- Lever Tensioning
- Canopy is easily changed

### Base options:

- Pebble base
- Concrete base
- Underground base
- Floor mounted base

### Accessories:

- Cover bag
- Wall mounted bracket for vertical storage

Pebble Base

Wall Mounted Bracket
